

VeggieTales®

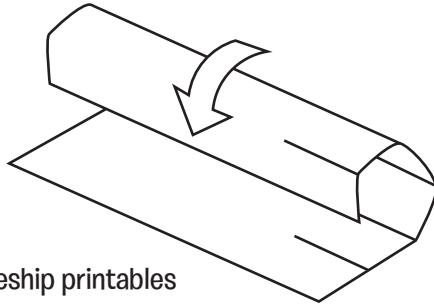

VEGGIES IN SPACE

THE FENNEL FRONTIER

MAKE YOUR OWN SPACESHIP!

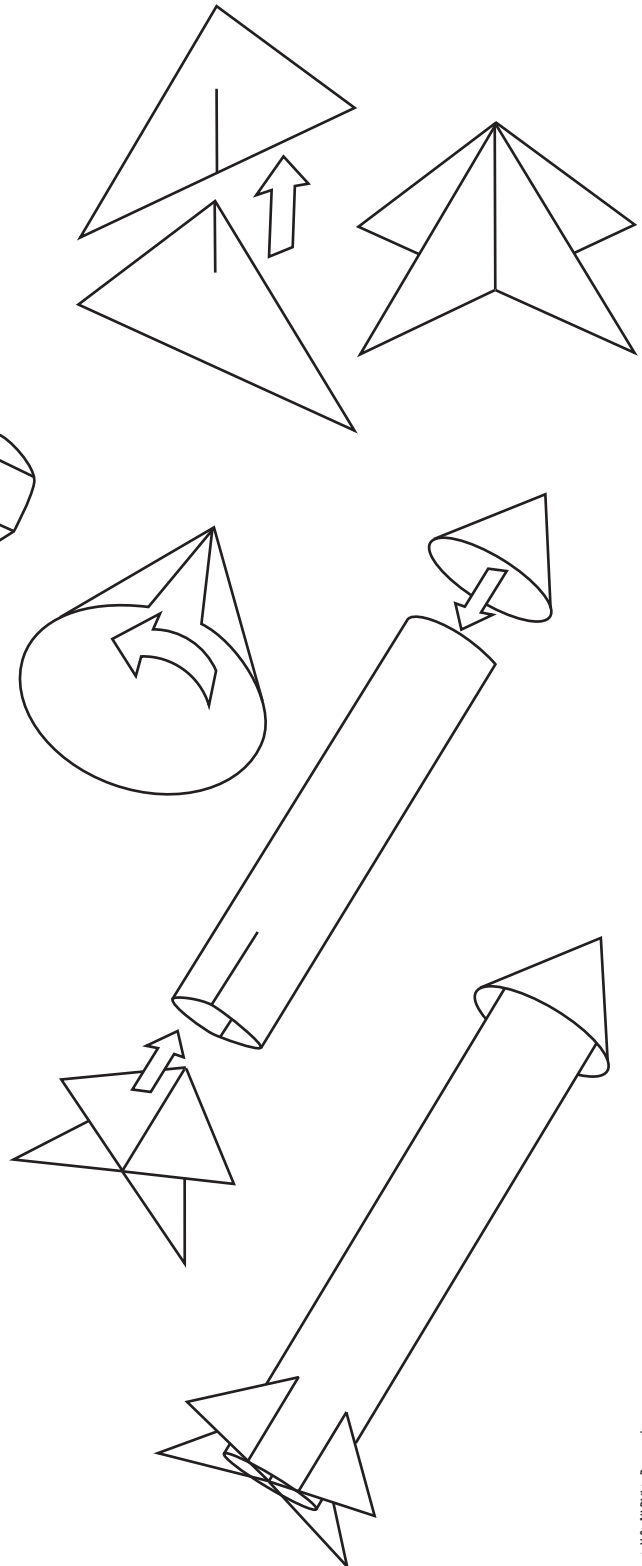

What you will need:

- 2 pieces of plain printer paper (per spaceship)
- tape
- scissors (SAFETY: PLEASE REMEMBER THAT IT'S IMPORTANT TO ALWAYS WORK UNDER ADULT SUPERVISION)
- crayons, markers, etc.
- VeggieTales® stickers
- Additional decorating items (for example: glitter, beads, cotton balls, yarn, etc.)

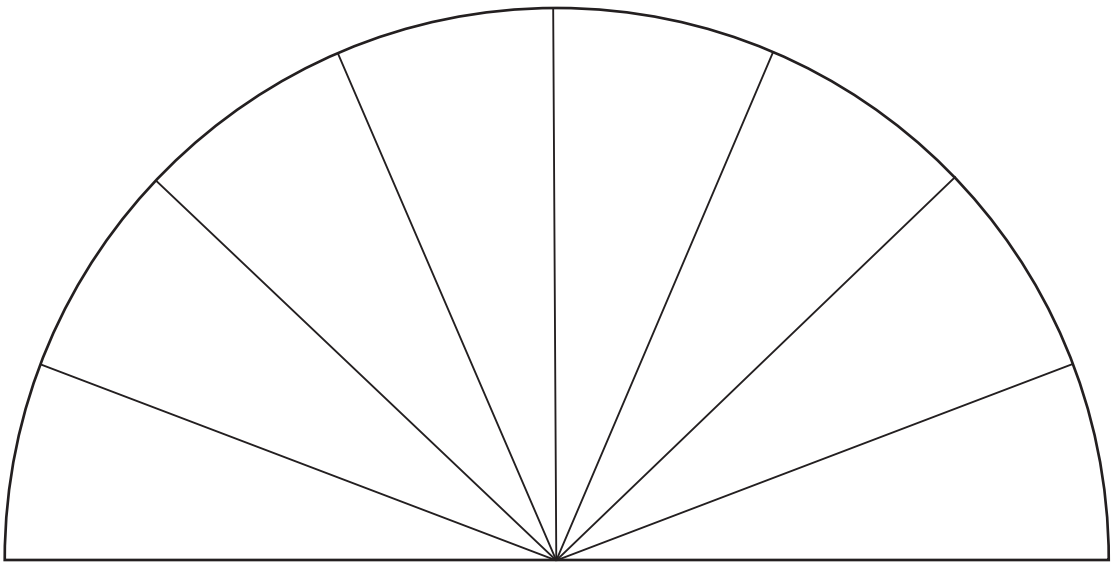

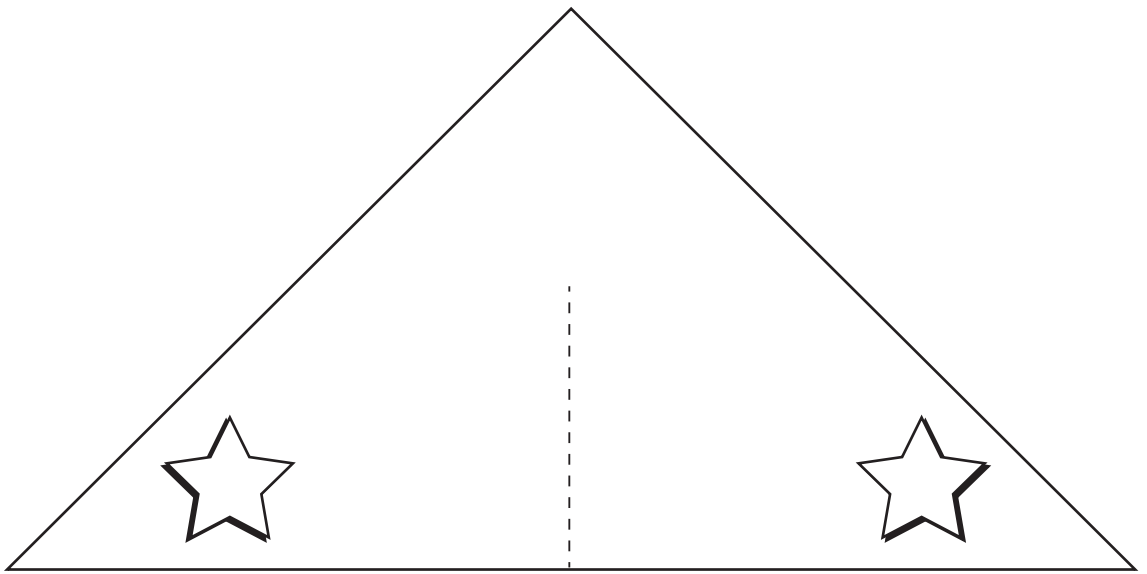

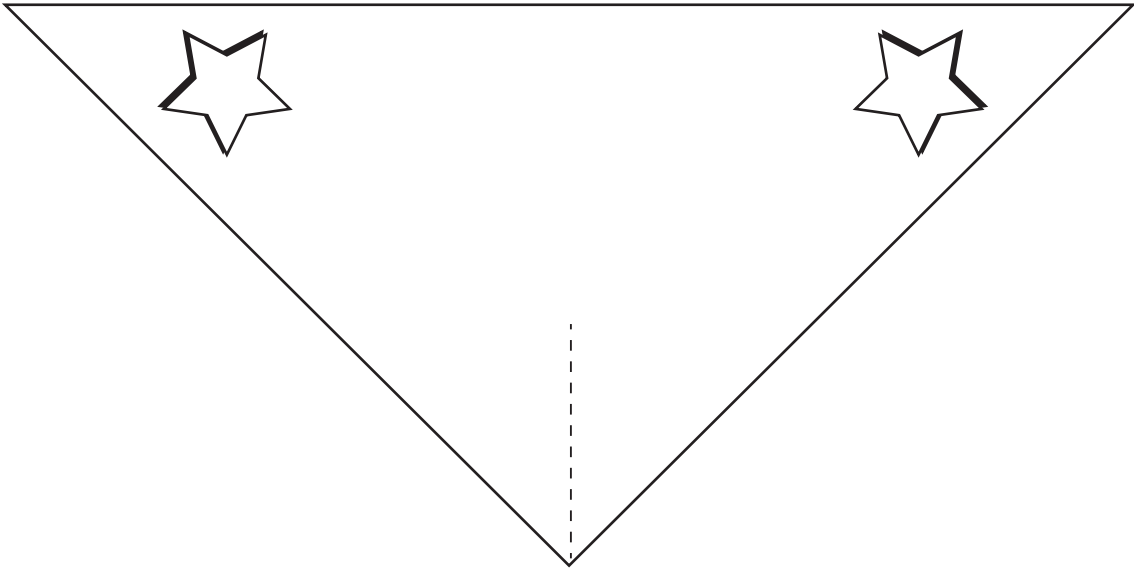

Directions:

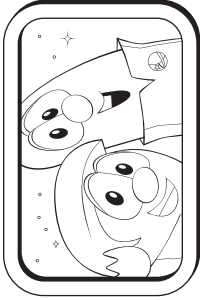

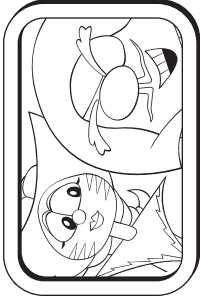

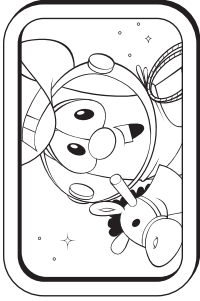

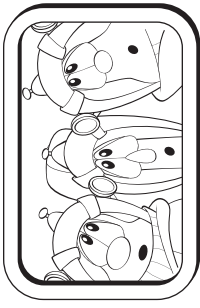

1. Decorate and color the spaceship printables
2. Cut out both triangles from the printables
3. Cut out semi-circle from the printables
4. Cut along the dotted lines of the triangle and the full sheet of paper
 - Cut only the length of the dotted lines
 - Full sheet will become the body of the ship
5. Take the full sheet of paper and roll it into a cylinder shape
 - There is a note showing which end will be rolled to the inside
 - Only the ends of the paper will overlap
 - Tape down the edge to secure
6. Take the two triangles and place the one with the cut that starts at the bottom and slide it into the triangle whose cut starts at the top
 - This is the base of your spaceship
7. Place the 4 slits that are at the bottom of cylinder body of the spaceship on top of the two triangles
8. Slide down the cylinder till it sits on the triangle
9. Take the semi-circle you cut out and roll it inward until it makes a cone shape
 - Use the lines as a guide
 - Tape end to secure
10. Place cone on top of spaceship body and tape edges

You have a spaceship!! Make two and take one to share with a friend.

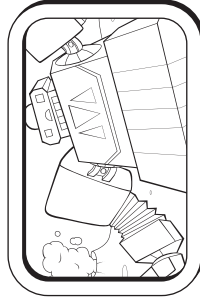

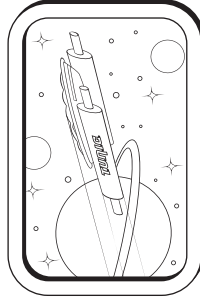

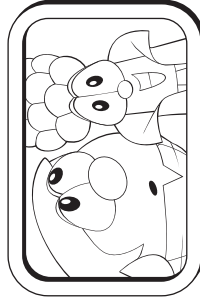

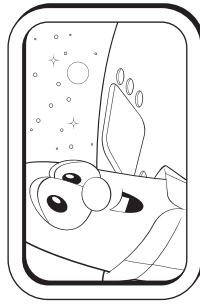

ROLL FROM THIS END
